Biogas Industry Experts

Stainless Steel Fabrications

Client: GASUM OY
Consultant: Neste Jacobs Oy
Location: Finland

Project scope:

To supply a condensate pot with a pumped discharge and level electrodes.

Design Requirement:

To be fitted into a PE315 diameter biogas main with a maximum flow of 1600m³/hr at 100 mbar pressure.

Services provided:

Design, manufacture and delivery to Finland.

Products supplied:

1 no 500mm diameter condensate pot with 250mm NP10 flange connections, manufactured in 316 stainless steel. Water collected is discharged by a pump controlled by level probes fitted in the condensate pot.
