Biogas Industry Experts

Stainless Steel Fabrications

Client: THE DENNIS GROUP, LLC

Location: USA

Project scope:

To supply a biogas dehumidifier for a new anaerobic digester build.

Design Requirement:

To reduce the relative humidity of a 595m³/hr biogas flow from 100% to less than 70%.

Services provided:

Design, manufacture and deliver to site in the U.S.A.

Products supplied:

1 no biogas/cold water heat exchanger to cool the biogas and a second biogas/biogas heat exchanger to reheat the biogas. All manufactured in 316 stainless steel.

Other related projects;

Crewe WwTW, United Utilities, UK
Esholt WwTW, Yorkshire Water, UK
